Kanou

Kanou[®] Customized cover glass

Highlights: Special chamfer

Kanou[®]

AF coating -To wipe off fingerprint and oil easily

Kanou[®]

AR coating-To improve glass transmissivity and reduce light reflectivity

Transmittance of one side AR coating glass is 94% in 550nm wavelength

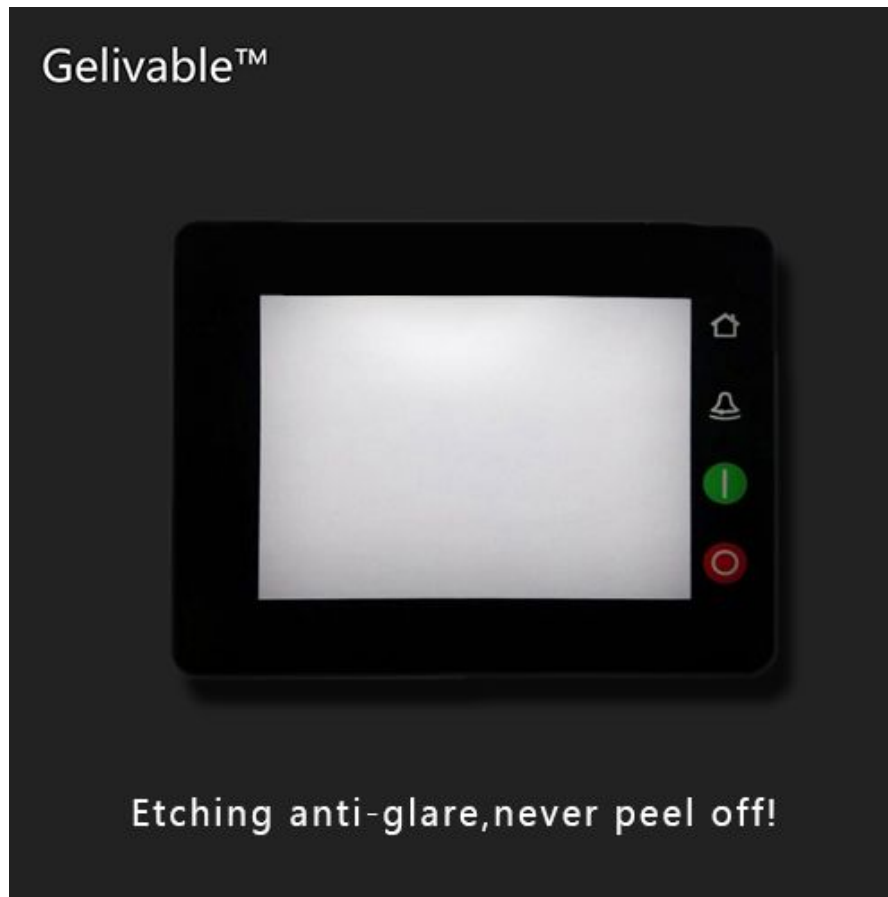

Transmittance of double -sided AR coating glass is 98% in 550nm wavelength

Kanou[®]

Anti-glare coating -To reduce light reflectivity-usually for outdoor and medical equipment

Kanou[®] Inspection Equipment

Manufacturer : Yi Hui precise Co. Ltd
Instrument : Video measuring system
model number : YT-3020
Measurement : Dimension
Tolerance : $\pm 1\mu\text{m}$

Manufacturer : ORIHARA Industrial Co. Ltd
Instrument : Surface stress tester
model number : FSM-6000LE
Measurement : DOL , CS
Tolerance : DOL accuracy $\pm 5\mu\text{m}$,
CS accuracy $\pm 20\text{Mpa}$

Kanou[®] Testing Equipment

Manufacturer : Xinmao Instrument Co. Ltd

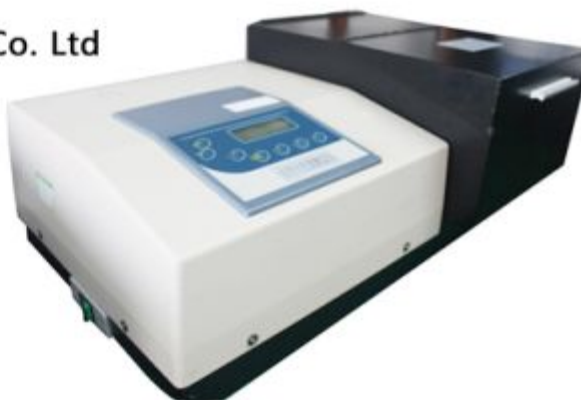

Instrument : Spectrum tester

model No. : spectrum Tester Type A

Measurement : Transmittance

Tolerance : Wavelength \pm 1nm,

Transmittance \pm 5%

Manufacturer : XINRUI Instruments &
Meters Co. , Ltd.

Instrument : Specular gloss meters

model number : WGG60A

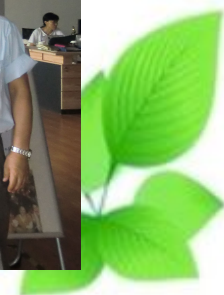

Measurement : AG Gloss

Tolerance : \pm 2.5GS
